William Wahl, a Pilot Rock school director, is in Pendleton today.

FRANK JAMES COMING.

Heralded by a Once Famous Newspaper Man.

Frank James, one of the celebrated James boys of Missouri, no longer a man to be feared because of his trigger finger, but a thespian, will be in Pendleton December 20. He will appear at the Fraser theater in the comedy drama entitled "The Fatal Scar," a play especially written for him. Colonel J. E. Cavin, an old-time Kansas City newspaper man, and a veteran of the civil war, is in Pendleton today. He is advance agent for James and fought with the James brothers during the rebellion.

The colonel is also a man with a history. He was in the Confederate army, attached to the first Arkansas regiment and saw much service. After the war he engaged in newspaper work and tells many amusing and stirring incidents of early day journalism.

Adjusting Apportionment.

Before County Judge J. H. Bean the matter of the apportionment of the estate of William H. Smith, deceased, is being adjusted. The heirs at law, Julius Smith and Edna Myers, are seeking to have the entire estate apportioned to them. Alex Wahl, their former guardian, is attempting to prove that their maintenance while under his care is to come from the estate. The estate amounts to about \$2000. W. H. Newberry represents the heirs, and C. H. Carter appears for Wahl.

Masquerade.

The children's masquerade dance at Music Hall next Saturday afternoon, is expected to be a genuine novelty, even in a town where novelties are a drug on the market. It will be a costume affair and some very nice dancing as well as costumes can be seen.

CONSUL PROTESTS.

Fears Violence Against California Japanese.

Sacramento, Dec. 14.—The Japanese consul at San Francisco has telegraphed the governor asking his offices in preventing violence against the Japanese at Roseville, where the whites held a mass meeting to protest against the hiring of Japanese labor. The governor has not yet replied.

Oil for Dusty Roads.

One of the disagreeable features of life in towns and villages in this part of the country is the dusty roads at certain seasons of the year. The heavy cost precludes the plan of paving, while the thirsty earth and the dry or hot atmosphere make sprinkling with water out of the question. But now there is a cheap and available remedy for the trouble which has proved effective by careful experimentation.

The use of crude petroleum now found in abundance in Kansas and Indian territory will make the most dusty roads passable and comfortable to travel. An American consul in Scotland reports an experiment which was recently tried near Edinburgh. Crude oil was used over a dusty stretch of road comprising metalling at two stages of wear. The road surface was swept clean and the oil poured on by means of cans, and brushed over so as to saturate the surface uniformly.

The results were highly satisfactory. In about 12 hours after the application the road surface was dry enough in each case to take traffic, and not a single complaint of damage done to the tires or paint of any vehicle has been made.

One application sufficed for the season. The experiment has demonstrated the efficiency of the materials used for the purposes of dust prevention. The cost approximately was \$100 per mile, which may be accepted as a fair average cost of this method of road dressing.—Exchange.

WAS NOT A SQUARE DEAL.

Claimed That Charges Against Judge Brown Were Railroaded Through.

Laramie, Dec. 14.—Papers received from Juneau, Alaska, and especially the Record-Miner, state that Judge M. C. Brown, the federal judge, removed by President Roosevelt, was not given a fair and impartial hearing by Judge Day, who conducted the investigation of charges of alleged misconduct.

The Record-Miner charges Judge Day with engaging two private rooms at a hotel in which he held the investigation behind closed doors; that Judge Day issued invitations to those having anything to say in the Brown case to come to his room and talk, guaranteeing them that the information would not be made known to other persons. The same paper also charges that the statements against Brown were not made in the presence of the accused and no record was made of the evidence, there being no stenographer in attendance.

The Record-Miner says: "Witnesses were not sworn and their statements were not even taken down by a stenographer. What an invitation to slander and vilification! Men went before this committee to testify against Judge Brown, who had they been sworn to tell the truth, would have disregarded their oaths when assured that no one besides the committee would ever know; what they had to say and we venture to say that had Judge Brown been permitted to attend the hearings some of the stories would never have been told. While others would have been told so differently that they would never have been recognized as the same."

Hunglers the night of December 10 blew the safe of the U. T. & S. railway at Olympia, but got nothing. The same night one business house in Olympia and two in Seattle were burglarized, but nothing was secured at any place.

NO REASON FOR IT.

When Pendleton Citizens Show the Way.

There can be no just reason why any reader of this will continue to suffer the torture of an aching back, the annoyance of urinary disorders, the dangers of diabetes or any kidney ailment when relief is so near at hand and the most positive proof given that they can be cured. Read what a Pendleton citizen says:

Mrs. C. C. Hendricks, wife of C. C. Hendricks, insurance agent living at 403 West Court street, says: "When I first heard of Doan's Kidney Pills I had been suffering for over a year with pains in my loins and back and with a weakness of the kidneys, and I therefore decided at once to try the pills. I got a box at the Brock & McComas Co. drug store. Now, I don't want to say that they have entirely cured me, for the trouble may return some time in the future, but they entirely relieved the backache and up to this time I have had no return of the trouble. Only the other day I told a lady friend who is suffering from kidney trouble, to try them, and have recommended them to others. I shall continue to do so."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
